

Object disposal: available objects list

April 2017

In order to ensure that our collections are properly managed and made accessible, we take an active approach to the disposal of objects which are no longer appropriate for the National Collection.

For further information, please see our website
<https://group.sciencemuseum.org.uk/object-disposal/>

The following items have been approved for disposal and are currently available. The closing date for applications is **7 July 2017**.

If you would like more information or are interested in acquiring an object from the list please email object.disposals@sciencemuseum.ac.uk and include the following information:

- The object number and description
- A description of how you intend to use the object(s) and how this will benefit the public
- An explanation of how you will ensure the long-term care of the object(s)
- The organisation that you are representing, including the type of organisation (i.e. accredited museum, charitable trust)
- Full contact details

Items are listed by institution on the following pages.
