

SCIENCE MUSEUM GROUP

CONSULTANCY

The Science Museum Group is pleased to offer consultancy services to museums and science centres both in the UK and internationally. Our experienced team draws from the expertise within the Group's world-leading alliance of science museums to provide advice and training on many aspects of museum activity and operation.

The services below represent a snapshot of ways in which we can support your organisation. If you have a query that is not covered by the information provided, please contact the team to discuss how we can support your opportunity.

INTERACTIVE GALLERY DEVELOPMENT

The Science Museum Group has extensive experience developing unique interactive galleries that represent a significant change from the traditional museum offer. We can provide comprehensive support around:

- The delivery of gallery content and learning programmes
- The identification and development of interactive exhibits, including supporting the prototyping process
- The overall design process in relation to the visitor experience

STAFF TRAINING

The Group is at the forefront of science education and building science capital in communities. Our expert team offers training for staff involved in facilitating and supporting the learning function of interactive galleries, for example, training in presentation skills, resource development and evaluation techniques.

STRATEGIC ANALYSIS

We can support the growth of your museum by undertaking strategic analysis of your organisation to identify opportunities and inform future planning. This is done through a review of specific areas dependent on your requirements, including museum operations, strategy, communications, content and learning programmes.

FESTIVALS PLANNING

With over a decade of experience delivering successful science festivals, the Science Museum Group can support your organisation's festival planning in a range of areas including:

- Programming and logistics
- Contracts
- Staff training and development
- Networking and contacts
